

EN

“Community Music” is a new approach in music education that aims to promote learning, social integration and Community Building. It represents a new and interesting field of research and development, also in Italy and South Tyrol.

One of the topics addressed by Community Music is “inclusion”, understood as a challenge for education in that it seeks to foster participation and learning for all in both formal and informal contexts, so as to transcend individual and social differences.

The conference aims at exploring the relationship between Community Music and Inclusion and will be organized by the Free University of Bozen - Bolzano in collaboration with the “Munich Community Music Center” (MCMC) of the Ludwig Maximilian University in Munich, Germany.

DE

„Community Music“ ist ein neues musikpädagogisches Konzept, das musikalisches Lernen, Integration und Gemeinwesenarbeit (Community Building) miteinander verbindet. Es eröffnet gerade in Italien und Südtirol neue interessante Forschungs- und Entwicklungsperspektiven. Ein wichtiges Ziel der Community Music ist die Inklusion, im Sinne einer Herausforderung für Bildung, die die Teilnahme und das Lernen – formeller wie informeller Natur – für alle über persönliche und soziale Verschiedenheiten hinaus gewährleisten will. Die Tagung untersucht den Zusammenhang zwischen Community Music und Inklusion und wird in Zusammenarbeit mit dem „Munich Community Music Center“ (MCMC) der Ludwig-Maximilians-Universität München organisiert.

IT

La “Community Music” è un nuovo orientamento della pedagogia musicale che coniuga apprendimento, integrazione e Community Building. Essa rappresenta oggi anche per l'Italia e l'Alto Adige un importante filone di ricerca e di sviluppo. Tra gli obiettivi della Community Music rientra anche l'inclusione, intesa come sfida educativa che mira a garantire partecipazione e apprendimento, formale o informale, a tutte e tutti, al di là delle differenze individuali e sociali. Il convegno si propone di indagare la relazione tra Community Music e inclusione e sarà organizzato insieme al “Munich Community Music Center” (MCMC) dell'Università Ludwig-Maximilian di Monaco di Baviera.
